

Service of Quality

Landay Bros. organized this business sixteen years ago, on such a basis as to warrant the confidence and respect of the buying public.

The principle of specializing in one line—the Victrola and Victor records—has been strictly adhered to. This has resulted in comprehensive and complete stocks. It has meant the growth from a small up-stairs store to four large, hand-somely equipped stores on, or near Fifth Avenue.

Experience, accumulated for sixteen years (almost the life of the Victrola itself), warrants the assertion that Landay offers expert service to their patrons.

Demonstrations of any Victrola or any Victor records given gladly without obligation.

The first Knabe Piano was made in Baltimore in 1837—and they are being made right there now. Throughout the 79 years of its existence the Knabe has always been regarded—even by the severest musical critics—as the best piano human hands could produce.

The tone of the Knabe makes it "The World's Best Piano."
